Reminder to Please Keep Children Off Playground Equipment

Hello Neighbors - We hope that all of you are managing through this challenging situation as well as possible.

In follow up to the recent directive from Public Health announcing the closure of all parks in Marin County, please remember that we too have placed temporary restrictions on using playground equipment in our local parks. We are asking that parents DO NOT allow their children to play on the playground equipment and structures.

However, in also keeping with the recommendations of Public Health, local residents are still encouraged to visit and walk around our parks and open space trails so long as they are maintaining the recommended 6-feet of social distancing from people who are not members of their immediate household.

Our staff are emptying park and trail trash bins on a regular basis, however, in keeping with best practices, we are asking the public to limit the trash disposed in our waste containers to the extent reasonable. We appreciate your cooperation.

Otherwise, we will continue to post updates on our website regarding COVID-19 impacts to Marinwood CSD programs and services. The specific web page can be found here: <http://marinwood.org/about-us/covid-19-updates>

As always, we appreciate your understanding and support.

Sincerely,

Eric Dreikosen
District Manager
