# ABOUT MARINWOOD

The Marinwood-Lucas Valley Community, a designated U.S. Census Tract, is located in an unincorporated area of north-central Marin County, California. The Marinwood area is part of an original Spanish Land Grant to Don Timateo Murphy. It was operated as a ranch, and then as a dairy farm, until it was sold for development in 1954. In 1955, the first homes were built near Highway 101, then a four-lane undivided highway. At that time the boundaries of San Rafael were four miles to the south, at the top of Puerto Suello Hill, and the boundaries of Novato were six miles to the north. To provide improved local services, particularly fire protection, and to be able to secure bond financing, the Marinwood Community Services District was formed in 1960. With bond funding, the CSD was able to purchase the land for Marinwood Park and develop the firehouse, park, community center, and pool.

At present, Marinwood-Lucas Valley is primarily a residential community consisting of approximately 2500 households. The Marinwood Community Services District Fire Department, Community Center & Pool Complex, our Parks and the surrounding open space are all central to the identity of Marinwood.

# ABOUT THE DEPARTMENT
