*Remembering Wayka Bartolacelli  
for Her Countless Years of Dedication to the Marinwood Community*

In loving memory of my mom, business partner, mentor, confidant, Realtor for 36 years (“The Marinwood Specialist”), Rotarian, wine enthusiast, world traveler, belly dancer, respected community member, poet & linguist, cat lover, advocate for women’s rights, diplomatic negotiator, passionate humanitarian, supporter of our local schools, the arts, the environment, and most recently, the proudest Grandmother to our newest family member.

She is badly missed, but I hope you’ll join my family in keeping her memory alive.

## District Information

The Marinwood Community Services District (CSD) was formed in 1960 to provide street lighting, fire protection and park and recreation services for our area. The CSD is governed by an elected five-member Board of Directors. The Board has established two advisory Commissions (Fire and Parks and Recreation) to oversee the routine operations of the District and to make recommendations regarding policies and budgetary matters. The District Manager and Department Heads carry out the day-to-day functions of the District as directed by the Board. The Board and Commission agendas can be found at [www.marinwood.org](http://www.marinwood.org). The Marinwood Review provides information on community meetings, events, programs, and other information of interest to the Community. Greetings and welcome to the Fall/Winter Issue of the Marinwood Review. As summer winds down and the kids get ready to go back to school, the park is uncharacteristically mellow. In the coming weeks the sounds of preschool songs, Zumba beats, tennis grunts, water polo splashes, and countless other recreational noises will echo throughout the park and community center. But for now things are relatively quiet. At least as far as humans are concerned. If you pay close attention, the park and community center are actually bustling with countless other creatures and critters. Woodpeckers drum about high in the trees. Crows caw-caw-caw the day's gossip. Bees, dragonflies, and mosquito's harmonize a buzzy barbershop quartet. Even the quieter critters have caused a ruckus this summer. Squirrels have started hiding nuts outside the community center office windows and chasing each other up and down the brick pillars. The gophers, whose population has exploded this year, have wreaked havoc on our grass (and taught at least one summer camper why we don't stick hands down gopher holes!) And most recently, a very handsome raccoon began raiding a camp-side trashcan after lunch each day, bringing endless delight to the campers (and rabies fears to the staff who know better, until Animal Control ruled it out—thanks Animal Control!) While the abundance of local wildlife can create challenges, like dog doo shoes, bee stings, and stolen lunches, it's also what makes Marinwood such a lovely place to come for programs, events, and recreating in general.

With small class sizes and a low student teacher ratio, we offer nurturing interactions, thoughtful and creative activities, and intentional support to our children as they begin their preschool experience. Each day, children will explore play materials that stimulate their imaginations, engage in art, play outside, and gather for circle time which includes puppetry, storytelling, and music.

## Watercolor Workshop

Ages Adults 15+

In this one-day workshop, you will spend the morning learning all about the fundamentals of painting with watercolor. Transparent watercolor is different from all other media and as such has some quite different aspects about how it is used. We'll cover the materials used with watercolor, the ways that we apply watercolor to (its very particular) paper, color theory and color mixing, what a classic palette of colors is. We'll discuss the importance of drawing (and drawing directly with the brush) as well as values and design/composition. We'll stop for a half hour lunch break (bring your lunch), during which we'll discuss the incredible history of watercolor painting in California. In the afternoon, we'll work together step by step to make a watercolor painting.

**Each student should come to class with one sheet of Arches 140lb. Cold Press watercolor paper (approx. \$10). Paints, palettes and brushes will be available.**

Students will leave this workshop with a good grounding in how to work with this wonderful medium and a painting of their own!
